Respect & Responsibility Policy

Policy Statement

The County of Brant's recreational properties and facilities, including but not limited to arenas, outdoor pools, parks, sports fields and associated parking lots exist to provide residents with opportunities to participate in sport and other recreational activities in a safe and positive environment. The County will ensure the most supportive climate possible so that people may enjoy their sport and learn about competition, teamwork, sportsmanship, and fair play.

As with many Ontario communities, the County of Brant's minor sport system is managed and operated by volunteers. These community-minded citizens contribute in many ways to the success of minor sport in Brant. It is the County's responsibility that they, too, have the ability to work in a safe and positive environment.

It is critical, then, for the County, through its Community Services Department, to do all things necessary to ensure that preventative measures are in place so that incidents of violent or inappropriate behaviour do not occur in its recreational properties and facilities.

Organizations using County recreational properties and facilities in cooperation with the County must take primary responsibility for the behaviour of all individuals associated with them including: players, officials, and spectators.
