### **Tie Breaking Rules**

In the event that teams are tied for a playoff position, the following tie-breaking procedure will apply. Tie Breaking Sequence: If two or more teams are tied at the conclusion of a round robin series, then the following procedures will be used to determine the final ranking before the quarter-final, semi-final and final games are played.

#### **When Two Teams are Tied:**

1.1 The winner of the round robin game between the two tied teams gains the higher position.

1.2 The team with the most wins in the round robin gains the higher position.

1.3 If the two teams are still tied after 1.1 and 1.2 have been applied, then the team with the best goal average gains the higher position. The goal average of a team is to be determined in the following manner: Total number of goals for divided by the total number of goals for plus goals against.

**NOTE:** All round robin games are included.

**EXAMPLE:** For = 10 goals against = 4 goals.  $10 / (10+4) = .714$

**NOTE:** The higher percentage gains the higher position

- 1.4 If the two teams are still tied after 1.1, 1.2, and 1.3 have been applied, the team with the least number of minutes in penalties throughout all of the round robin games, gains the higher position.
- 1.5 If the two teams are still tied after 1.1, 1.2, 1.3, and 1.4 have been applied, then the team which scored the first goal in the game between the tied teams gains the higher position.
- 1.6 If the two teams are still tied after 1.1, 1.2, 1.3 1.4, and 1.5 have been applied, a single coin toss will determine which team gains the higher position.

### **Three or More Teams Tied**

**NOTE:** The three-team tiebreaker is used to determine the seeding of the 1st, 2nd and 3rd place. The three-team tiebreaker will continue to determine the seeding of the two remaining teams after 1st has been determined. At no time will teams using this formula go back to the two-team tiebreaker system.

- 2.0 If three or more teams are tied, the point record established in the games among the tied teams will only be used for the tie breaking formula in deciding which team shall advance.
- 2.1 The team with the most wins (among tied teams) would gain the highest position.
- 2.2 If teams are still tied after 2.1 has been applied, then the team with the best goal average, gains the highest position. The goal average of a team is to be determined in the following manner: total number of goals for divided by total number of goals for and against.

**NOTE:** All round robin games are included.

**EXAMPLE:** For = 10 goals against = 4 goals.  $10 / (10+4) = .714$

**NOTE:** The higher percentage gains the higher position

The exercise of 2.2 establishes the team or teams with the highest position(s) by percentage. These teams will advance. If there are still teams tied, they go to the next step. They do not go back to the "Two Team Tiebreaker".

#### **Example A.**

Team A - .714 = 1 seed – advances  
Team B - .500 = 3 seed – does not advance

#### **Example B.**

Team A - .714 = 1 seed – advances  
Team B - .500 = still tied with team C – go to next step 2.3.

Team C - .650 = 2 seed – Advances

Team C- .500 = Still tied with team B – go to next step 2.3

**Example C.**

Team A – .650 = Still tied with team B – go to next step 2.3.

Team B - .650 = Still tied with team A – go to next step 2.3.

Team C - .500 = Does not advance

2.3 If teams are still tied after 2.1 and 2.2. The team with the fewest goals against (all round robin games played) will gain the highest position.

2.4 If teams are still tied after 2.1, 2.2 and 2.3. The team with the most goals for (all round robin games played) will gain the highest position.

2.5 If teams are still tied after 2.1, 2.2, 2.3 and 2.4 have been applied, the team to qualify would be the team that received the least number of minutes in penalties throughout all the round robin games.

2.6 If teams are still tied after 2.1, 2.2, 2.3, 2.4 and 2.5 have been applied, a coin toss shall determine the winner. In a 3 team coin toss, the odd team gains the highest position. The remaining two teams will coin toss for the next position.

2.7 All teams involved should go buy a Lottery ticket.
